The largest supplier of serial dot-matrix printers in Africa

Issued by PDC   18 Oct 2022

PDC offers the largest range of line and serial impact dot-matrix printers in Africa.

FUJITSU

VERY LOW NOISE OPERATION MODE
Double panel cover and newly developed print help to reduce noise.

HIGH RELIABILITY
MTBF (Mean time between failures) -> 20,000 power-on hours at 25% duty cycle

---

Fujitsu DL3100
●●●●●

Serial Dot Matrix Printer

EVOLVING THE MULTI-PURPOSE DOT MATRIX PRINTER

- 24 wire dot matrix printer
- Achieves incredible reliabity
- Wide connectivity through different printer models
- Stylish compact design
- Amazing multi-copy capability

VARIETY OF PAPER TYPES
Stock Forms (3.75" - 10.5" width)
Cut Sheet Papers (3.75" - 10.5" width)
Carbon Backed Papers (2P-7P)

ENERGY SAVING
Also, The power consumption is 1.1W or less at the waiting mode and 37W or less at the operation (Average)

HIGH SPEED PRINTING
The maximum print speed is up to 450 cps at 10 cpi. This is achieved through the advanced head control technology.

COMPUPRINT 2056e ●●●

Serial Dot Matrix Printer

IMPACT SOLUTIONS FOR BUSINESS AND LOGISTICS

Compuprint 2056e satisfies typical needs in hospitals, hotels, retail stores, as well as in industrial and logistics environments.

As a very economical printer the Compuprint 2056e helps to save money with its longlife ribbon of 10 milion characters and its low power consumption.

ECONOMIC & RELIABLE
The Compuprint 2056e is the most economic both in terms of its price and on duty.

HIGH SPEED PRINTING
The Compuprint 2056e brings higher levels

EASY TO USE

With an easy to use operator panel, low printing noise and multiple interfaces included as standard, the Compuprint 2056e is user friendly.

The Compuprint 3056e brings higher levels of print quality to general business and point of sale applications producing invoices, receipts, dispatch notes, labels and end of day reports..

COMPUPRINT 3056e ●●●

Serial Dot Matrix Printer

IMPACT SOLUTIONS FOR BUSINESS AND LOGISTICS

The Compuprint 3056 and 3056N are designed to be the ideal solution for administrative applications as well for industrial and logistics environments. These printers satisfy a wide range of printing solutions thanks to the architectural semplicity of the front form feed and refined printing technology.

MULTI-USER ENVIRONMENTS

These printers in single or multi-user environments print at speeds of up to 560 characters per second.

GETTING THE JOB DONE

Compuprint 3056and 3056N are ideal for use in abroad range of industries, from data processing, banking, pharmaceuticals or healthcare, warehouse and logistic, education and public administrations.

2 CONFIGURATIONS

Compuprint 3056 is available in two different configurations, Parallel/Serial/USB or Parallel/USB/LAN to let the user able the installation on networked environment. T

PRINTRONIX S809 ●●●●●

900 CPS 24-pin Serial Printer

Quiet, high-performance replacement for legacy 24-pin PSi & Tally printers

Emulation support required for Plug & Play replacement

Superior price/performance as compared to competitive 24-pin offerings

Options: Second Tractor, Open Pedestal Printer Stand

01 Best in class Printhead Life, MTBF & Workload Capacity

02 Quiet! Only 54 dBa

03 24-pin printhead 900 cps @ 10 cpi

04 Heavy-duty 6-pin tractors w/ optional second front feed tractor

05 Automated & Configurable form feeding for maximizing operational efficiency

06 Hi-function op panel w/ multi-lingual display and multiple direct access functions

07 Standard Serial, Parallel, USB, and Ethernet

S809

Fast

Performance: 900 CPS @ 10 CPI

Document Retrieval: Fully automated & configurable form feeding for maximum operational efficiency

Device Management: Remote status, firmware updates, configuration, & virtual op panel

Quiet

Acoustic rating of 54dBa makes the S809 suitable for both office & industrial environments

Tough

Best in class Printhead Life, MTBF & Workload Capacity

800 M Character Printhead Life
MTBF of 20,000 hrs
Workload Capacity of 57k pages/month

Heavy-duty 6-pin tractors

PRINTRONIX®
S809

PRINTRONIX S828

800 CPS 18-pin Serial Printer

Most rugged & suitable replacement for legacy 18 or 9 Pin IBM or Genicom printers

IBM 4247, 4230, 4224; Genicom 3800 series Epson FX, IBM Proprinter, and ANSI 3.64 emulation required for Plug & Play replacement. IPDS option also available.

Unmatched durability for mission critical environments

Options: IBM IPDS, Second Tractor, Enclosed Pedestal Printer Stand

01 Automated & Configurable form feeding for maximizing operational efficiency

02 18-pin printhead 800 cps @ 10 cpi

03 High visibility attention light

04 Heavy-duty 6-pin tractors w/ optional second front feed tractor

05 Unbreakable metal enclosure for extreme durability and minimal noise emissions (54 dBa)

06 Hi-function op panel w/ multi-lingual display and multiple direct access functions

07 Standard Serial, Parallel, USB, and Ethernet Optional IPDS (for Ethernet)

S828

Unbreakable

ONLY printer in this price range with a rugged metal enclosure
Best in class Printhead Life, MTBF & Workload Capacity

800 M Character Printhead Life
MTBF of 20,000 hrs
Workload Capacity of 57k pages/month

Quiet

Acoustic rating of 54dBa makes the S828 suitable for both office & industrial environments

IBM IPDS

Genuine IBM IPDS ensures absolute compatibility within IBM systems environments

PRINTRONIX
P8000 PLUS

Line Matrix Printers

The flagship of the series, the P8000 Cabinet models are the printers of choice when quiet operation and/or high-speed performance is paramount.

- Acoustically sealed enclosure produces less noise emissions.

- Unmatched reliability & tolerance for a wide range of office & industrial environments.

- Available in 500, 1000, 1500 and 2000 LPM speeds.

- P8000 Plus Models — P8C15 & P8C20; deliver improved print quality and offer optional OpenPrint PDF & PostScript functionality and support for 802.1X & IPv6
