Senior Data Analyst

Location:	Cape Town
Remote work:	Some remote work allowed
Type:	Permanent
Reference:	#NG59027
Company:	e-Merge IT Recruitment

A leader in the healthcare market committed to increasing access to affordable primary healthcare for all South Africans through its retail pharmacy and pharmaceutical wholesale businesses are looking to recruit a **senior data analyst** to work within their Internal Audit department supporting the department goals to increase efficient and effective use of data analytics by obtaining more timely access to and management of data assets.

Responsibilities:

- Assist in investigations and other management requests as necessary by gathering, sorting, and making sense of necessary data.
- Proactively search for data anomalies that could be indicative of control issues.
- Work with internal auditors to understand data needs and brainstorm ways to perform audits more efficiently.
- Drive the implementation of a continuous monitoring framework using data analytics to support the relevant internal audit projects
- Perform special reviews of operations when requested
- Linking of different data streams and visualisations and graphic output; upskilling and SAS, ACL
- Tableau, and visualisations tools

Qualifications and experience:

- Bachelor's degree or above in quantitative fields or related fields
- Postgraduate degree in quantitative or related fields (advantageous)
- 5-8 years data analytics experience
- experience in data management, governance, data acquisition and modelling, data structures
- and architecture.
- 3-5 years financial systems or system auditing experience
- Experience in using visualisation tools such as Tableau and Power BI

The Reference Number for this position is **NG59027** which is a **permanent hybrid position** based in **Cape Town** offering a cost to company of **R650,000 up to R850,000 per annum** negotiable on experience and ability. Contact Nokuthula at nokuthulag@ e-merge.co.za or call her on **011 463 3633** to discuss this and other opportunities.
