

Castle Lite reveals new 410ml can

Castle Lite has launched its new 410ml slim can as part of creating moments of authentic yet engaging digital content for audiences around the world to feel connected and not alone during the Covid-19 pandemic. The new pack and size format gives Castle Lite consumers an alternative as they continue to create special moments in their homes during the pandemic.

The all-new 410ml is now available in liquor stores countrywide, on takealot.com, and via the Bottles app.
