

## WPP to create a new campus in Düsseldorf

WPP is set to create a new campus for its brands in Düsseldorf, Germany, which is the latest in a series of European investments by the agency.

Based in the city's architecturally iconic MedienHafen (Media Harbour) area, WPP's new building will be an integral part of the Rhine harbour skyline when it completes in 2021.

The new modern workspace will be home to more than 2,500 people.
