

## USN Face of *Fitness* finalists each get a cover

The three finalists in *Fitness* magazine's cover model search competition, USN Face of *Fitness*, have each garnered their own cover. By publishing all three finalists - Logan Leigh Rix, Yvette Ferreira, and Farai Gomwe - *Fitness* magazine editor and publisher Tanja Schmitz believes that the competition will create more opportunities for all of them to launch successful careers in the industry.

In addition to giving each finalist a cover, the magazine has also made additional competition changes including multimedia entry submissions in the form of video.

Readers may cast their vote on who should win the 2018 USN Face of *Fitness* title by buying their choice of the three *Fitness* magazine cover options and by sharing their choice on social media by tagging #USNfaceoffitness2018.
