

Khumbudzo Manyaga named Aquaponics Association deputy chairperson

INMED Partnerships for Children has appointed Khumbudzo Manyaga as the deputy chairperson of the Aquaponics Association of South Africa. Manyaga has been instrumental in helping INMED become a leading expert in the field of aquaponics and climate-smart agriculture throughout the country.

Manyaga led the installation and operation of INMED's aquaponics projects in five provinces of South Africa. Before joining INMED South Africa, he was a professional development programme candidate of the Agriculture Research Council.
