

# Pongrácz the only SA sparkling wine awarded Grand Gold in Belgium

Pongrácz is the only South African sparkling wine to be awarded a Grand Gold for its Pongrácz Brut at the 2023 Concours Mondial de Bruxelles held in Belgium. The vintage Desiderius Pongrácz 2015 was awarded Gold.

Issued by [Heineken Beverages](#) 20 Jun 2023

Only eleven Grand Golds were awarded at the competition with one each to South Africa, Spain, Italy and Portugal, and seven to France.

The Concours Mondial de Bruxelles is the global benchmark for wine competitions, singling out wines of excellence from across the world.

Pongrácz winemaker MP Botes says these two gold awards yet again, confirm the quality of locally produced Cap Classiques made in the French tradition expressing their South African terroir.

“The numerous awards of our Cap Classiques echo our continuous commitment to producing world-class quality products. We nurture these wines over a long period whilst the secondary fermentation in the bottle creates exquisite, delicate bubbles and integrated aromas. I feel so privileged to be part of the making of these remarkable Cap Classiques.”

The **Pongrácz Brut** is perfect for anywhere, anytime enjoyment. On its own, at brunch, on a rooftop or at a picnic with charcuterie and cheeses, this Cap Classique is made for sipping. Bottle-fermented and matured on lees for at least 15 months, the wine is crafted from the classic Champagne varietals Chardonnay and Pinot Noir, hand-picked from vineyard cooled by maritime breezes.

With crisp green apple notes and the nuances of freshly baked bread on the nose, complemented on the palate by delicate yeasty tones, layered citrus fruit, enlivened by an elegant, rich mousse bringing to a finish with a long lingering aftertaste.

Spending a minimum of 69 months in the bottle for slow secondary fermentation, the ultra-premium **Desiderius Pongrácz 2015** is gracious, elegant and timeless. It is made in the time-honoured French tradition and a blend of Chardonnay (80% and Pinot Noir (20%) grapes hand-picked from two selected vineyard blocks. Beautiful, elegant bubbles and brioche-like aromas on the nose, followed by filling the palate with a rich and complex combination of nuanced fruit, almonds, and yeast notes. Followed by a lingering aftertaste.

Pongrácz is named after the nobleman and Hungarian refugee, Desiderius Pongrácz, who had a profound impact on viticulture in the Western Cape. Considered a genius for finding the unexpected in the traditional and fresh, unconventional theories, Pongrácz was witty and brilliant, and his inspiration extended across the wine industry, classical music, anthropology and dachshunds.
