The formation of this section started in 2021 with the opening of a large 3,000m² Value Co in August, introducing a new layer of value-driven retail to the centre. The flagship Value Co store offers shoppers a selection of merchandise from 14 departments, with three of the biggest and most popular being houseware, office & school stationery, and health & beauty.

“It is important to us that we adapt to the changing needs of our shoppers and provide a retail experience that suits their lifestyles,” said Mike Rodel, asset management executive, Liberty2Degrees for Eastgate Shopping Centre.

“We believe that this section of the centre will soon become a popular area for visitors to the centre, with an excellent mix of value-driven retailers and superb product ranges,” he added.
