

SAITEX

The exhibition features retail products such as electronics and home appliances, homeware, cosmetics and household products as well as building materials and tools.

SAITEX is the original multi-sector trade-show allowing local and international importers and exporters to test, explore and take advantage of inbound and outbound trade opportunities within the African Region for over 29 years. SAITEX facilitates tangible international and local trade relationships, whilst providing a platform for the private sector to demonstrate the innovations, solutions and services they have to offer Africa.
