

See: Kia Picanto gets a stylish refresh for 2024

The Kia Picanto gets a refresh for 2024 with a modern and sporty design. Inside, it boasts an 8-inch touchscreen infotainment system in a spacious cabin. Kia has also simplified the trim levels to LX, EX, and EX Plus for easy choice.

The Kia Picanto offers reliable petrol engines with improved fuel efficiency. It comes with manual or automatic transmission options. Standard features include remote central locking, keyless entry, and air conditioning. Higher trims offer additional features.

Starting at R260,995, the new Kia Picanto offers a bold design, good features, and Kia's warranty making it a compelling option for South African city drivers.
