

31st International Workshop on HIV Drug Resistance and Treatment Strategies

The 31st International Workshop on HIV Drug Resistance and Treatment Strategies is the premier forum addressing the growing challenge of resistance to antiretrovirals, especially in low- and middle-income countries (LMIC). The Workshop is being held from 9 to 11 April 2025 in Cape Town, South Africa. Leading laboratory scientists, clinical investigators, epidemiologists, and other stakeholders will discuss the latest findings on HIV drug resistance and treatment strategies.

The three-day workshop programme will consist of an educational programme, invited plenary presentations and abstract-driven oral and poster presentations.

The aim of the workshop is to enrich professional knowledge for HIV care providers, researchers and investigators.

Date: 09 April 2025 to 11 April 2025

Time: 08:30 - 17:30

Venue: Lord Charles Hotel, Somerset West
