DataFest

DataFest is coming back to Jozi! Don't miss out on SA's coolest data event - bigger and better than before.

DataFest is a conference like no other, featuring world-class local and international speakers, high-impact sessions on the latest trends in data, networking opportunities with other DataFesties, and a whole lot of fun!

What do we have planned for DataFest?

- 200 #DataFesties to connect, network and hang out with
- 35 of SA's top data experts taking the stage to share and inspire
- Two action-packed workshops on data intelligence and S.T.O.R.Y Frameworks
- One Day dedicated to all things AI - Impact AI
- Conference topics ranging from data strategy and data quality to the future of AI and LLMs
- Good times with a live DJ, graffiti stage, after-work drinks and everything in between
- Last but not least, be transported to the snowy slopes of a ski lodge with an Aprés Ski theme

Secure your seat by registering at datafest.co.za
